ALDE VALLEY SETTLES

Handmade in East Suffolk

We are delighted to offer a range of handmade oak and ash settles made exclusively for Galloper-Sands by Suffolk chairmaker Jim Parsons. We have been fortunate to work with Jim for a number of years on chair making and furniture projects for clients around the United Kingdom.

The Alde Valley Settles are the result of an ongoing collaboration. Our aim has been to create a range of settles that are unique to Galloper-Sands, working with Jim's exceptional design skills as a chair maker.

All the settles are made with timber sourced from Suffolk – typically oak for the seats and ash for the hand carved and steam-bent legs, arms, spindles and upper rails.

We can offer variations in seat length, depth and height, making each settle to the customer's requirements – and can also offer Suffolk Long Benches, without the back rails of settles. We usually hold samples of Alde Valley Settles and Suffolk Long Benches in stock and can provide more images and information about designs and making times upon request.

If you would like to find out more about Alde Valley Settles and how to commission a seat to your own size specifications, please contact us on :
